

COVERING LETTER

7th May 2022

Dear Sir,

Application for software developer intern opportunity

I'm Lahiru Pramod De Silva and reside in Balapitiya. This letter is written to find an available opportunity for software developer internship. I am a final year student of Higher National Diploma in Information Technology (HNDIT - NVQ level 6) at Sri Lanka Institute of Advanced Technological Education.

I am willing to become a software developer in your company as an intern to complete my six months implant training period and use my IT knowledge and skills for practical usage.

Please find my CV & training requirement letter for your reference.

I believe I will get a hearing from you at the earliest and your kind support shall be highly obliged.

Sincerely,

Lahiru Pramod De Silva.

Lahiru

Request for in-plant training for students of Higher National Diploma in Information Technology (HNDIT)

The Advanced Technological Institute, Galle (ATI) is functioning under the Sri Lanka Institute of Advanced Technological Education (SLIATE) which is under the Ministry of Higher Education.

The Higher National Diploma in Information Technology – (HNDIT) is one of the course conducts at the ATI – Galle is a full time English medium course with 2 ½ years duration and it is the first national level IT course conducts at a public institute.

The course contents of the HNDIT consist of 06 months continuous industrial training at the end of the 2nd year and it conducts by the NAITA.

This is to certify that the bearer Mr./Ms. N.Lahiru Pramod De Silva (GAL/IT/2019/F/0005) is a student of ATI – Galle and his/her training starts from February 2022.

We wish if you could kindly offer a suitable and useful training for the student within our timeframe.

Thank you,
Yours faithfully,

Director
ATI – Galle.

Mr. S. Ramanayake
Director
Galle Advanced Technological Institute
Labuduwa.
